  - Climbing Ramp Option

# STEP # 2 Choose SIZE

16 - 19

## ☐ FIESTA CASTLES

Deck Height .....5' 2"  
Slide Length .....10'  
Deck Size .....4' x 4.5'  
Headroom .....5.5'  
Swing Beam Height .....8'  
Overall Weight .....675 lbs

28 - 35

## ☐ CARNIVAL CASTLES

Deck Height .....5' 2"  
Slide Length .....10' or 10.5'  
Deck Size .....4' x 6'  
Headroom .....6.5'  
Swing Beam Height .....8.25'  
Overall Weight .....840 lbs

Carnival Castles  
& Clubhouses are  
both available  
Turbocharged!

44 - 49

## ☐ SUNSHINE CASTLES

Deck Height .....5' 2"  
Slide Length .....10' or 10.5'  
Deck Size .....5.2' x 5.2'  
Headroom .....7'  
Swing Beam Height .....8.5'  
Overall Weight .....1,370 lbs

56 - 61

## ☐ RAINBOW CASTLES

Deck Height .....5' 6"  
Slide Length .....10.5' or 11'  
Deck Size .....5.2' x 5.2'  
Headroom .....7'  
Swing Beam Height .....8.75'  
Overall Weight .....1,445 lbs

68 - 73

## ☐ MONSTER CASTLES

Deck Height .....5' 10"  
Slide Length .....10.5' or 11'  
Deck Size .....5.2' x 5.2'  
Headroom .....7'  
Swing Beam Height .....9'  
Overall Weight .....1,627 lbs

80 - 85

## ☐ KING KONG CASTLES

Deck Height .....7' 2"  
Slide Length .....15'  
Deck Size .....5.2' x 5.2'  
Headroom .....7'  
Swing Beam Height .....10.5'  
Overall Weight .....1,864 lbs

20 - 27

## ☐ FIESTA CLUBHOUSES

Deck Height .....5'  
Slide Length .....10'  
Deck Size .....4.5' x 5'  
Headroom .....6'

# CARNIVAL CLUBHOUSES

Pages 36-43

Introducing our Brand New Carnival Clubhouse Series. This Series features our full Rainbow style 100% modular, 100% expandable & access to many more options than the Fiesta Clubhouse. Plus unique options including, Lower Level Playhouse, Ramp & Upper Level Cabin.

- Rainbow style 3" x 6" timber main beam with notched support brackets.
- Unmatched versatility & design freedom from all 4 sides.
- Rock Wall & Picnic Table are not automatically included like the Carnival Clubhouse which creates more ways to customize.

## Design 37A Included Play Features

- (A) 5' x 5' Clubhouse
- (B) Red, Yellow & Blue Canopy
- (C) Rock Wall
- (D) Step Ladder
- (E) Trapeze/Triangles Combo

# MONSTER CASTLES

Pages 68-73

Built Like a Tank!

Compared to our Original Rainbow Castle, our Monster Castle has a 4" taller Deck Height & Swing Beam.

Boasting a Swing Beam Height of 9' tall as well as massive 4" x 6" Timber Ladder Legs & A-Frame Legs - nothing compares to the Monster Castle!

A big kid's dream - you must see our Monster Castle in person to truly appreciate it's sheer size.

## Design 69A Included Play Features

The beauty of the Rainbow product line is our residential and commercial line share 80% of the same design elements and components which means your Family's Dream Rainbow has **MANY** commercial grade, high-quality features.

Our Rainbow Commercial line is bringing smiles to children's faces all across the globe. Shown here is an amazing playground project installed in Japan by Playground of Hope, a Rainbow Play Systems' Distributor.

**IPEMA:** Rainbow Play Systems, Inc. is a member of the Manufacturers Association IPEMA, which is a member driven association whose mission is to assist in providing safe environments for children to play. For more information visit [www.ipema.org](http://www.ipema.org)

**ASTM:** The American Society for Testing and Materials (ASTM) is the scientific and technical organization chiefly responsible for developing standards for testing different materials. In 1993 the ASTM published Standard Consumer Safety Performance Specifications for Playground Equipment for Public Use, designated as F1487. The standard has been revised several times since 1993. It is this standard that establishes minimum acceptable performance specifications for most types of equipment to surfacing. For more information, contact ASTM at (610) 832-9585 or online at [www.astm.org](http://www.astm.org).

**CPSC:** The Consumer Product Safety Commission is an independent agency within the United States Federal Government with the authority to inform the public of current product safety performance information and recommended practices. The CPSC first published their guidelines for public playgrounds in 1981 and have updated their publication several times over the past 35 years. The current CPSC Handbook for Public Playground Safety, publication #325m is an excellent guide for owners and operators of public play environments. For more information, contact CPSC in Washington DC at (800) 638-2772 or online at [www.cpsc.gov](http://www.cpsc.gov).

**ADA ACCESSIBLE:** Rainbow proudly offers a line of ADA Accessible play systems, which are marked with the designated ADA symbol. Americans with Disabilities Act (ADA) has established specific guidelines that must be met for a structure to be considered ADA Accessible. These guidelines ensure that the structure is not only accessible but also usable by individuals with disabilities. Rainbow is continuously striving to improve its line of play systems to ensure every child has an equal opportunity to get out and play. For more information visit [www.ada.gov](http://www.ada.gov)

of their Rainbow in their backyard

# #12 Family Fun Together with Your Children.

Your family's Rainbow naturally creates a happy place for you to be together with your children.

# YOUR CHILDREN DESERVE THE VERY BEST.

The average American family has 2.2 children. Rainbow families are above the national average with 3 children. Join the growing Rainbow family of 1.8 Million Children!

Rainbow Play Systems World Headquarters is located in the heartland of America, Beautiful Brookings, South Dakota.

Our Plaque is the Mark of Excellence on every Rainbow we manufacture. No other company makes Rainbow Branded Swing Sets. Always look for our Plaque.

Our Exclusive Lifetime Warranty is the BEST in the business & the Gold Standard in the residential playground industry.

Rainbow is Dedicated to being Environmentally Responsible by teaming up with SFI Certified mills that harvest utilizing the Sustainable Forestry Initiative.

Cunninghamia lanceolata grown & harvested in China, is a prized species in the far East & renowned for its durability for hundreds of years in outdoor applications.

Thuja plicata is the premier species in North America for decking, fencing, gazebos, patio furniture, wooden swing sets & has a track record of success for hundreds of years in outdoor applications.

Cupressus nootkatensis is USA grown Cedar that is parallel in beauty, quality & outdoor durability to Western Red Cedar & is the perfect lumber species for manufacturing Rainbow Play Systems.

Rainbow Play Systems, Inc. is a longstanding BBB Accredited Business with an A+ Rating.

Coast to Coast & Continent to Continent, our 200 Rainbow Showrooms are at your Service.

Visit us & experience the magic of Rainbow !!! We have over 200 Rainbow hometown showrooms to serve you.

Our Professional Delivery & Installation Service is available nationwide.

# RAINBOW IS THE VERY BEST.

# RAINBOW'S HIGHEST QUALITY MATERIAL,

# SAFETY & DESIGN SPECIFICATIONS

## Big Beam Construction

Rainbow Play Systems are engineered to be rock solid & the foundation of our design is the abundance of big beam construction. Massive 4" x 4" & 4" x 6" timbers are utilized as structural components.

## Notched Beam Construction

Essential for long lasting & durable structure. The notches that are cut into each end of the brace are designed to gain maximum support by bracing wood against wood. This greatly reduces the force on the lag bolt that holds the brace in position.

## Recessed & Safety Capped Hardware

Extra attention to detail & safety includes recessed hardware throughout the play structure. The recessed hole has a routed edge & the bolt is double nutted capped off with an acorn nut.

## Massive 1/2" Hardware

Rainbow's Castle & Clubhouse feature massive 1/2" diameter thru-bolt hardware utilized in the entire structure for unparalleled strength & stability.

## Dual Bolt Construction Detail

Dual bolted construction detail throughout the play structure creates tremendous rigidity at the connection points for a vastly more stable structure when compared to the single bolt construction used by competitors.

## Vertical Spindle Safety Rails

Parents appreciate vertical slats because they prevent youngsters from climbing upwards. We use thick 2" x 3" boards which are attractively turned 90° to permit greater play supervision as well as allowing the natural surroundings behind the play structure to be seen.

## Angled Safety Ladders

Logical safety design in all Rainbow climbing components, the angled ladder design is much easier to climb up & climb down.

## Ladder & Rock Wall Brackets

Used to brace the Ladder & Rock Wall securely to the play structure creating a safe "no lift" design.

## Heavy Duty 18 oz. Canopy

Our Heavy Duty Canopy offers protection from sun or rain to make everyday a great day to play. Our removable canopy is easy to clean, thicker than most in the industry & manufactured with UV protective material to mitigate fading.

## Full 1" Thick Rope

Rainbow only uses 1" thick rope - no thin 1/2", 5/8" or 3/4" rope. Utilizing a full 1" diameter rope creates an easy to grab rope, very large knots & eliminates tangling.

## Plastisol Dipped Ladder Rungs

Plastisol Dipped Ladder Rungs provide children a better surface to grip with their hands & feet as they climb while reducing slipping. Plastisol is extremely durable & won't chip or scratch. It also insulates the rungs from the heat or cold.

## Full Bucket Swing

Safely secures little ones in the swing seat. This full bucket design originated in the commercial playground industry & has been used for many decades as the safest possible swing for smaller children.

## Powder Coated Safety Handles

Powder Coated Safety Handles installed in key areas contribute to a feeling of comfort as a child is gaining access to an entrance or exit on their Rainbow Play System.

## Plastisol Dipped Safety Handles

Plastisol Dipped Safety Handles reduce slipping as your child pulls themselves up or lowers themselves down. Plastisol is extremely durable & won't chip or scratch. It also insulates the handles from the heat or cold.

## Heavy Duty Ductile Iron 360° Tire Swing Swivel

Ductile Iron has more carbon steel than traditional iron & is unmatched in strength. 360° swivel is double bolted & double nutted, includes 3 ultra safe carabiner mountain climbing clips & is backed by our Exclusive Lifetime Warranty

## Super Duty 360° Tire Swing Swivel

Our Super Duty 360° Tire Swing Swivel is built with durability & strength beyond compare. It comes equipped with a rubber casing enclosure over the swivel action to keep it free from any entanglements.

# THE RAINBOW CASTLE STRUCTURE DESIGN

**Absolutely the Sturdiest Free Standing Residential Play Structure in the World.**

- A SPACIOUS 7' HEADROOM**  
The Super Flare design of our Castle Canopy creates the maximum amount of headroom over the entire deck area. The Super Flared Canopy increases the overall headroom on both sides of the Castle Deck area.
- B 18 OZ. HEAVY DUTY CANOPY**  
Our Heavy Duty Canopy offers protection from sun or rain to make everyday a great day to play. Our removable canopy is easy to clean, thicker than most in the industry & manufactured with UV protective material to mitigate fading.
- C VERTICAL SPINDLE SAFETY RAILS**  
Attractive construction detail creates a safe rail panel with maximum stability combined with excellent visibility.
- D FASTENER FREE DECKING**  
Pre-panelized decking sections are designed to provide a safe, fastener free play surface by placing all hardware & fasteners underneath the Castle play deck.
- E TIRE SWIVEL** is the largest & most durable on the market. Ours is nearly twice the size of others!
- F TIRE SWING** has drainage holes to prevent water collection. Our rubber tires have a safer impact rating than hard plastic ones.
- G TWO EXTRA WIDE LADDERS** on our Castle design maintains the stability of the structure while granting ample space for children to climb together on either side.
- H DECK LEVEL TOP RUNG** provides a smooth transition to the play deck after completing the climb. Kids climbing the Rock Wall count on that Rung being there for them to grab hold.

- I NOTCHED WOOD ANGLE BRACES** give maximum support by bracing wood against wood which greatly reduces the force on the lag bolts that hold the brace in position.
- J ROUND CLIMBING RUNGS** are designed to fit your child's grip. Round rungs add more structural integrity than flat rungs & are safer than steps without handrails.
- K LARGE 4" X 6" MAIN BEAM DECK SUPPORTS** with heavy duty 1/2" carriage bolt construction provide twice the load-bearing strength of the competitor's 2" x 6" deck supports.
- L LADDER GROUND RUNNERS** with notched wood braces give the structure more contact with the ground for maximum stability.

# THE RAINBOW CLUBHOUSE STRUCTURE DESIGN

- A SPACIOUS 7' HEADROOM** in the Clubhouse offers an open design providing additional height for your child to grow into their Rainbow play system.
- B 18 OZ. HEAVY DUTY CANOPY**  
Our Heavy Duty Canopy offers protection from sun or rain to make everyday a great day to play. Our removable canopy is easy to clean, thicker than most in the industry & manufactured with UV protective material to mitigate fading.
- C VERTICAL SPINDLE SAFETY RAILS** Attractive construction detail creates a safe rail panel with maximum stability combined with excellent visibility.
- D FASTENER FREE DECKING**  
Pre-panelized Decking sections are designed to provide a safe, fastener free play surface by placing all hardware & fasteners underneath the Clubhouse play deck.
- E SIX STRUCTURAL UPRIGHTS** made from solid 4" x 4" timber are used for maximum stability. Our competitors use 4 uprights.
- F LOWER LEVEL CUSTOMIZATION**  
Choose what's best for your family, the most popular are Picnic Table, Sandbox, General Store, Puppet Theatre, Lemonade Stand or Playhouse.
- G DECK LEVEL TOP STEP** provides a smooth transition to the play deck after completing the climb.
- H NOTCHED WOOD ANGLE BRACES** give maximum support by bracing wood against wood which greatly reduces the force on the lag bolts that hold the brace in position.
- I DUAL BOLT CONSTRUCTION DETAIL**  
Dual bolted construction detail throughout the play structure creates tremendous rigidity at the connection points for a vastly more stable structure when compared to the single bolt construction used by competitors.

Deck Level Top Step

- J LARGE 4" X 6" MAIN BEAM DECK SUPPORTS** with heavy duty 1/2" carriage bolt construction provide twice the load-bearing strength of competitor's 2" x 6" supports.
- K OVERSIZED BASE BOARDS**  
The foundation of our Rainbow Clubhouse features customized baseboards that are TWICE AS THICK as the competitors & creates a very solid Clubhouse structure design.

Rainbow Base Board

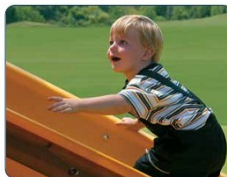

Competitor's Base Board

# RAINBOW'S EXCLUSIVE SUPER SCOOP SLIDE ENGINEERING

Extra high Super Scoop Slide side walls create a super safe Super Scoop Slide for all ages.

With the flared edges to grab on to, the Super Scoop Slide is a very safe climbing ramp.

## RAINBOW'S SUPER SCOOP SLIDE

- "Scoop" design keeps kids in the center all the way down the slide.
- Super high sidewalls for maximum safety. The flared edges are easy to grab creating a super safe climbing ramp.
- Curved landing properly positions children for a safe exit with their feet on the ground.
- Wooden trim and big beam pedestal base for additional reinforcement and stability.
- Manufactured with the same material (high density polyethylene) that has been used in commercial playgrounds for over 40 years.
- Backed by Rainbow's Exclusive Lifetime Warranty.

Rainbow's Exclusive Super Scoop Slide is the absolute BEST Residential playground slide available in the industry.

11'

15'

The Rainbow Super Scoop Slide is available in 11 foot & 15 foot lengths.

Above the slide is our Grab-N-Go Bar that creates a super easy access to our Super Scoop Slide.

# RAINBOW'S EXCLUSIVE SPIRAL SLIDE ENGINEERING

## Rainbow's 360° Spiral Slide

- More Action !!! A full 360° turn.
- 20% larger diameter than competitor's spiral slide.
- A more consistent circular ride compared to competitor's "corkscrew" Design.
- 200% thicker walls than competitor's slide.
- Full elbow design creates 50% less seams than the competitor's split elbow design.
- Includes a heavy duty, big beam, wooden pedestal base for extra support and stability.
- Manufactured with the same exact material that has been in commercial playgrounds for over 50 years, rotationally molded high density polyethylene.
- Backed by Rainbow's Exclusive Lifetime Warranty
- **Our 360° Spiral Slide Weight is 6 times as much as the competitor's spiral slide.**

## Rainbow's 270° Spiral Slide

- 100% thicker walls than competitor's spiral slide.
- Full piece elbow sections create 50% less seams more than the competitor's spiral slide.
- Double Wall Molded Landing section is twice as solid as competitor's spiral slide single wall lightweight landing.
- **Our 270° Spiral Slide weight is 4 times as much as competitor's spiral slide.**

Rainbow's 7 Piece 360° Spiral  
**WEIGHT is 180 lbs.**

Rainbow's 5 Piece 270° Spiral  
**WEIGHT is 120 lbs.**

## Competitors Lightweight Spiral Slide

- Other competitors offer an Economy Spiral slide with thin walls, split elbow construction & a "corkscrew" design.

23 Piece Competitor's Split Elbow Spiral  
**WEIGHT is 30 lbs.**

# RAINBOW'S EXCLUSIVE SUPER-DUTY MONKEY BARS

You Can Add Shimmy Bars !

You Can Add Ring Treks !

You Can Add a Chin Up Bar !

- Massive 4" x 6" timber construction support ladder.
- Massive 4" x 6" timber construction top ladder.
- Notched wooden brackets are engineered to create wood-on-wood construction detail for an ultra-stable design.
- Fiesta & Carnival Series Monkey Bars feature easy to grab Powder Coated steel top ladder rungs.
- Sunshine & Rainbow, Monster & King Kong Series Monkey Bars feature easy to grab Plastisol Dipped steel top ladder rungs.
- Engineered to accommodate the Mighty Rainbow Penthouse which is mounted on top of the Monkey Bars.
- Numerous sizes & many exciting add-ons, Rainbow's Exclusive super duty Monkey Bars are available in over 50 exciting variations for your children !!!

Thru-bolts secure the Monkey Bar to the structure with two 4" x 4" support blocks added for maximum strength.

Extra wide steps on our Monkey Bar support ladders for the safest climbing & standing. Wide enough to sit on as well.

Full length safety handles on our Monkey Bar support ladder provides maximum safety for all ages.

Super Duty 4" x 6" notched beam wooden brackets create an ultra-stable wood-on-wood connection point.

Exclusive multi-hole selection mounting system to accommodate uneven yards.

All Rainbow Monkey Bars feature a 4" x 4" timber ground runner for maximum stability.

# THE MIGHTY RAINBOW PENTHOUSE

The Sunshine, Rainbow & Monster Penthouse.

The King Kong Penthouse.

Our 15' Super Scoop Slide can be accommodated by our Penthouse design.

Both of our Spiral Slides can be accommodated by our Penthouse design.

- Can be configured into over 100 different Penthouse variations !!!
- Incredible design freedom to create your children's "high in the sky" Penthouse !!!
- Our Penthouses are designed to mount securely to our Super Duty Monkey Bars.
- The Mighty Rainbow Penthouse is another Rainbow Original design from 3 decades ago that's often imitated but never duplicated.

The Penthouse Loop Step provides easy access to the Penthouse.

The Fiesta & Carnival Penthouse.

Penthouse features a Wooden Roof, Extended Bubble Panel & Crow's Nest.

Penthouse features Forest Green Canopy & Dual Extended Bubble Panels.

King Kong Penthouse features Red, Yellow & Blue Canopy, 360° Spiral Slide Mount, Double Extended Bubble Panel & 180° Crawl Tunnel.

## RAINBOW'S EXCLUSIVE 10.5' WAVE SLIDE

Ten children all piled onto our Wave Slide to showcase its strength in design & overall structural integrity !!!

- Fantastic design creates an exciting wave into the slide bedway for a fun, safe sliding experience for all ages!
- Double wall construction detail is engineered for maximum strength, the highest level of safety & the most attractive overall appearance.
- Extra high side walls the entire length of the slide with even higher side walls at the entrance point create the safest possible design.

Solid mounting bolts secures our Wave Slide to the play structure deck. Extra high slide side walls at entrance level creates the safest possible slide access.

The safest possible exit design is created by having our Wave Slide bedway guide the child to safely exit the slide with both feet firmly on the ground.

Reverse view image shows the back of our Wave Slide's construction pattern.

Using the most advanced technology to create maximum strength, our Wave Slide is engineered with a tack-off design for exceptional structural integrity.

Rainbow Wave Slide

Competitor's Wave Slide

Super heavy duty design, our Wave Slide weight is 84.6% heavier than the competitor's wave slide.

Exclusive grab grooves on both sides of the slide walls create a fun & safe way to use the slide as a climbing ramp.

- Scoop designed bedway keeps kids in the center of the slide.
- Extra high sidewalls create a safe & secure sliding experience for toddlers.
- Big Beam 4" x 6" timber base is available in multiple heights to accommodate Sunshine, Rainbow & Monster Series as well as unlevel yard applications.
- Double wall construction detail is engineered for maximum strength. The highest level of safety & the most attractive overall appearance.

Ten children all piled onto our Scoop Slide to showcase its strength in design & overall structural integrity !!!

Reverse view image shows the back of our Scoop Slides construction pattern.

Using the most advanced technology to create maximum strength, our Scoop Slides are engineered with a tack-off design for exceptional structural integrity.

The Scoop Slide exit is solidly supported by Big Beam 4" x 6" slide legs. The safest possible exit design is created by having our Scoop Slide bedway guide your child to safely exit the side with both feet firmly on the ground.

Thru-bolted into the upper level mounting blocks, the Scoop Slide entrance point is the safest & most secure method of solidly fastening the Scoop Slide to the play structure.

## RAINBOW'S EXCLUSIVE 10.5' SCOOP SLIDE

# 100% NATURAL CEDAR CONSTRUCTION

Rainbow celebrates over a quarter century of proudly manufacturing our Play Systems from the **BEST** lumber species available: **100% NATURAL CEDAR**.

Rainbow is Dedicated to being Environmentally Responsible by teaming up with SFI Certified mills that harvest utilizing the Sustainable Forestry Initiative.

Cunninghamia Lanceolata grown & harvested in China, is a prized species in the Far East & renowned for its durability for hundreds of years in outdoor applications.

Thuja Plicata is the premier species in North America for decking, fencing, gazebos, patio furniture, wooden swing sets & has a track record of success for hundreds of years in outdoor applications.

Cupressus Nootkatensis is USA grown Cedar that is parallel in beauty, quality & outdoor durability to Western Red Cedar & is the perfect lumber species for manufacturing Rainbow Play Systems.

Our Exclusive Lifetime Warranty is the **BEST** in the business & the Gold Standard in the residential playground industry. Rainbow's 100% Cedar construction is backed by our Exclusive Lifetime Warranty.

All Cedars are Conifer trees which are highly decay resistant & successfully utilized in outdoor environments for hundreds of years.

**DURABILITY** - Cedar is a highly revered, durable lumber species that is naturally resistant to rot, decay & insects. University studies show Cedar's high durability to outdoor applications.

**BEAUTY** - Aesthetically, there really is no substitute for the natural beauty of Cedar. Ingrained with decidedly crisp, yet superbly rich, tonal properties, Cedar enhances traditional outdoor home decor & inspires innovative eye pleasing architecture.

**SUSTAINABILITY** - Independent studies prove that when it comes to environmental performance, natural Cedar is exceptional to synthetic products in every way. While other building materials generate greenhouse gases, Cedar actually removes greenhouse gases from the atmosphere. And unlike plastics & vinyl, Cedar is renewable & biodegradable. Plus, Cedar is sourced from the most sustainably managed forests in the world.

# RAINBOW EXCLUSIVE LIFETIME WARRANTY

Rainbow Play Systems, Inc. warrants to the original purchaser that their Rainbow® Play System will be free from defects in material and workmanship for the following time periods:

**LIFETIME WARRANTY** Rainbow guarantees all Cedar Lumber components against structural failure for the lifetime of the unit. Seasonal checking, surface cracks, knot holes and knots are natural characteristics of Cedar lumber and are not covered under our warranty.

**LIFETIME WARRANTY** Rainbow guarantees all scoop slides, tube slides, crawl tunnels, crow's nests, panel mounts, commercial swing hangers, the Rainbow® plaque, 360° tire swivels, structural hardware, Plastisol coated plates, Plastisol coated brackets, Plastisol coated rungs, Trapeze/Triangles and Plastisol coated handles for the lifetime of the unit. Cosmetic cracks and color fading of our plastic components are not covered under our warranty. Surface rust on structural hardware and metal components is not covered under this warranty.

**FIVE YEAR WARRANTY** Rainbow guarantees all tarps, ship's wheel, rope disc, binoculars, telescope, periscope, megaphone, bubble window, chalkboard, flag dowels, gliders, buoy balls, tic-tac-toe panel, driving panel, talk tube, ship anchor, ship shelf, ship lock, wave slide, tire swing, swing seat, commercial full bucket swing, half bucket swing, flat swing, rock wall rocks, punching bag, solar lights, and swinging tent will be covered by our five year warranty. Cosmetic cracks and color fading of our plastic components are not covered under our warranty.

**FIVE YEAR WARRANTY** Rainbow guarantees chain ladder, chain, powder coated chin-up bar, fireman's pole, bell, powder coated rungs, powder coated handles, powder coated brackets, powder coated plates, and powder coated corkscrew climber will be covered by our five year warranty. Surface rust on structural hardware and metal components is not covered under this warranty.

**ONE YEAR WARRANTY** Ropes and Flags are covered by our one year warranty.

Rainbow's Exclusive Lifetime Warranty, Five Year Warranty, and One Year Warranty is non-transferable.

This warranty is nullified if a residential unit is utilized in a commercial playground setting, a commercial environment or any commercial playground application. Rainbow Play Village Commercial Playground Equipment are covered under this warranty in commercial playground applications.

Rainbow can nullify this warranty if the unit has been subjected to vandalism, negligent or improper installation, failure to properly maintain the unit with periodic staining of wood and tightening of hardware, unit being subjected to an irrigation system, unauthorized alteration, improper use, or Acts of God.

Your sales receipt will be needed to make a warranty claim. Rainbow will ask you for photos for your warranty claim. Warranty claims will be repaired or replaced as determined by Rainbow. Shipping and labor costs are not covered under this warranty.

TO THE MAXIMUM EXTENT PERMITTED BY LAW: NO OTHER WARRANTY, EXPRESSED OR IMPLIED CAN REPLACE THIS WARRANTY. THIS WARRANTY IS DIRECTLY FROM RAINBOW PLAY SYSTEMS, INC. TO THE ORIGINAL PURCHASER. NO OTHER WARRANTY OF MERCHANTABILITY OR FITNESS FOR USE, EXPRESSED OR IMPLIED CAN REPLACE THIS WARRANTY. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS. RAINBOW DOES NOT AUTHORIZE ANY PERSON OR ENTITY TO OFFER ANY OTHER WARRANTIES FOR RAINBOW.

Rainbow assumes no responsibility for incidental or consequential damages which may arise from the purchase or use of the unit. Some states do not allow exclusion or limitation of incidental or consequential damages. This warranty provides you with legal rights, which vary from state to state.

Please register your Rainbow® online at <http://register.rainbowplay.com> to verify your original ownership of your Rainbow Play System.
